

DWG Trailblazers

**Becoming a Trailblazer:
Growing as a digital workplace
leader**

Thursday, February 13, 2025

About this gathering

On **Thursday, February 13, 2025**, a carefully curated group of up to 25 leaders in the evolution and future of work will gather virtually for an inspiring and fascinating DWG Trailblazers session.

Under the banner of **Becoming a Trailblazer: Growing as a digital workplace leader**, we will:

- Hear what successes and challenges people are experiencing in their digital leadership.
- Have an armchair chat with myself, Nancy, as CEO of DWG and someone who has spent over a decade mentoring pioneering and award-winning digital workplace leaders.
- Explore the skills needed for digital leadership.
- In breakout groups, dive deeper into how digital leadership needs to evolve.

We will also be weaving in time for both collective and individual sense-making.

We're excited to get deeper into how digital workplace leaders can grow their leadership as plans for 2025 and beyond get underway!

Nancy Goebel (CEO, DWG)
